

Jefferson County
Board of Commissioners
Agenda Request

To: Board of Commissioners
Mark McCauley, County Administrator

From: Monte Reinders, P.E., Public Works Director/County Engineer 

Agenda Date: September 9, 2024

Subject: Resolution — In the Matter of Finding and Determination to Declare Certain Personal Property as Surplus and Authorize Trade - In

Statement of Issue:

The Public Works Department seeks Commissioner approval to trade- in 2 ER&R assets that are past life cycle and require continuous repairs. Broom #906 recently had an accident that was the result of a massive differential failure, it now requires over \$6,000 in repairs. Broom #827 is a 10-year asset that is 2 years over its intended life. Both of these items are vital to the County Roads team's ability to serve the taxpayers and keep the roads free of debris. The value of the trade- ins will help offset the purchase cost of the new equipment. The new equipment is being purchased through WA State Department of Enterprise Services, a purchasing cooperative that adheres to the competitive bid requirements of Washington State.

Analysis/Strategic Goals/Pro's & Con's:

See above.

Fiscal Impact/Cost Benefit Analysis:

- Trade in value #906 \$2,500 – (less sales tax)
- Trade in value #827 \$5,800 – (less sales tax)
- New Machine \$86,700.00 – (less sales tax)
- Balance After Trade \$78,400 – (less sales tax)

Recommendation:

Public Works would like the Board of County Commissioners approval to move forward with the trade of these assets to obtain the asset that will be more reliable and cost effective for the county.
