DOH Program and Fiscal Contact Information for all ConCon SOWs can be found on the [DOH Finance SharePoint](#) site. Questions related to this SOW, or any other finance-related inquiry, may be sent to finance@doh.wa.gov.

FPHS staff from DOH and the Washington State Association of Local Public Health Officials (WSALPHO) will coordinate and communicate together to build and assure common systemwide approaches per FPHS Steering Committee direction and the FPHS framework intent.

- For LHJ questions about the use of funds:

- Chris Goodwin, FPHS Policy Advisor, WSALPHO – cgoodwin@wsac.org, 564-200-3166
- Brianna Steere, FPHS Policy Advisor, WSALPHO – bsteere@wsac.org, 564-200-3171

The intent of FPHS funding is outlined in [RCW 43.70.512](#).

Foundational Public Health Services Definitions and related information can be found here: www.doh.wa.gov/fphs.

Stable funding and an iterative decision-making process – The FPHS Steering Committee’s roles and responsibilities are outlined in the [FPHS Committee & Workgroup Charter](#). The Steering Committee is the decision making body for FPHS and operates under a consensus-based decision making model, outlined [here](#). The Steering Committee use an iterative approach to decision making meaning additional tasks and/or funds may be added to a local health jurisdiction’s (LHJ) FPHS Statement of Work (SOW) as funding decisions are made.

Spending of FPHS funds – FPHS funds do not require pre-approval or pre-authorization to spend. FPHS funds are to assure FPHS services are available in each jurisdiction based on the FPHS Definitions (link) and as reflected in the SOW. Assurance includes providing FPHS as part of your jurisdiction’s program operations, contracting with another governmental public health system partner to provide the service, or receiving the service through a new service delivery model such as cross-jurisdictional sharing or regional staff. **FPHS funds are eligible starting at the beginning of each state fiscal year (July 1) regardless of when funds are received by the LHJ, even if the expenditure occurred before the LHJ’s contract was signed.**

These funds are not intended for fee-based services such as select environmental public health services. As state funding for FPHS increases, other funds sources (local revenue, grants, federal block grants) should be directed to the implementation of additional important services and local/state priorities as determined by each agency/jurisdiction.

Annual Allocations – The legislature appropriates FPHS funding on an annual basis and the FPHS Steering Committee allocates funds annually through the FPHS Concurrence Process for the State Fiscal Year (SFY): July - June.

The Legislature appropriates FPHS funding amounts for each fiscal year of the biennium. This means that funds must be spent within that fiscal year and cannot be carried forward. Any funds not spent by June 30th each year must be returned to the State Treasury. Funding allocations reset and begin again at the start of the next fiscal year (July 1).

This Statement of Work is for the period of July 1, 2024-December 31, 2024 and may be included in multiple Consolidated Contracts (ConCons) which are based on the calendar year and renewed every three years.

Disbursement of FPHS funds to LHJs – Unlike other ConCon grants, FPHS bill-back to DOH is NOT required. Half of the annual FPHS funds allocated by the Steering Committee to each LHJ are disbursed each July and January. The July payments to LHJs and access to FPHS allocation for all other parts of the governmental public health system occur upon completion of the FPHS Annual Assessment.

Deliverables – FPHS funds are to be used to assure FPHS services statewide. The FPHS accountability process measures how funds are spent, along with changes in system capacity through the FPHS Annual Assessment, system performance indicators, and other data. DOH, SBOH and local health jurisdictions have agreed to complete:

1. Reporting of spending and spending projections. Process timelines and reporting template are provided by the FPHS Steering Committee via FPHS Support Staff.
2. FPHS Annual Assessment is due each July to report on the previous state fiscal year. Process and reporting template are provided by the FPHS Steering Committee via FPHS Support Staff. System results are published in the annual FPHS Investment Report available at www.doh.wa.gov/fphs.

Statement of Work Purpose: The purpose of this statement of work is to establish funding and tasks for LHJs to strengthen their capacity and capability around the Public Health Response Readiness Framework (CDC) to prepare for, respond to, and recover from public health threats and emergencies through a continuous cycle of planning, organizing, training, equipping, exercising, evaluating, and implementing corrective actions as described in the Public Health Emergency Preparedness (PHEP) Cooperative Agreement. Many LHJs support a position responsible for public health emergency preparedness and response. LHJs use different titles for these positions. DOH wants to be respectful of this diversity and refers to the people who fill these important roles as Public Health Emergency Response Coordinators (PHERCs).

Note: The current Consolidated Contract ends December 31, 2024. Once a new contract is in place, the program plans to submit a new statement of work for January 1 - June 30, 2025. Deliverable due dates after December 31, 2024 are referenced in this statement of work for informational purposes only and will be updated in the January - June 2025 statement of work.

This statement of work (ending 12/31/24) includes 60% of the total allocation of these funds. The January - June 2025 statement of work will reflect the remaining 40%. Once all invoices have been submitted and balances are reconciled for this statement of work (ending 12/31/24), any remaining funds will be added to a revised January - June 2025 statement of work.

Guidance Documents - LHJs are strongly encouraged to use the Guidance Documents listed in the Program Specific Requirements in the bottom section of this Statement of Work.

DOH Program and Fiscal Contact Information for all ConCon SOWs can be found on the DOH Finance SharePoint site. Questions related to this SOW, or any other finance-related inquiry, may be sent to finance@doh.wa.gov.

FPHS staff from DOH and the Washington State Association of Local Public Health Officials (WSALPHO) will coordinate and communicate together to build and assure common systemwide approaches per FPHS Steering Committee direction and the FPHS framework intent.

- For LHJ questions about the use of funds:
 - Chris Goodwin, FPHS Policy Advisor, WSALPHO – cgoodwin@wsac.org, 564-200-3166
 - Brianna Steere, FPHS Policy Advisor, WSALPHO – bsteere@wsac.org, 564-200-3171

The intent of FPHS funding is outlined in [RCW 43.70.512](#).

Foundational Public Health Services Definitions and related information can be found here: www.doh.wa.gov/fphs.

Stable funding and an iterative decision-making process – The FPHS Steering Committee's roles and responsibilities are outlined in the [FPHS Committee & Workgroup Charter](#). The Steering Committee is the decision making body for FPHS and operates under a consensus-based decision making model, outlined [here](#). The Steering Committee use an iterative approach to decision making meaning additional tasks and/or funds may be added to a local health jurisdiction's (LHJ) FPHS Statement of Work (SOW) as funding decisions are made.

Spending of FPHS funds – FPHS funds do not require pre-approval or pre-authorization to spend. FPHS funds are to assure FPHS services are available in each jurisdiction based on the FPHS Definitions (link) and as reflected in the SOW. Assurance includes providing FPHS as part of your jurisdiction's program operations, contracting with another governmental public health system partner to provide the service, or receiving the service through a new service delivery model such as cross-jurisdictional sharing or regional staff. **FPHS funds are eligible starting at the beginning of each state fiscal year (July 1) regardless of when funds are received by the LHJ, even if the expenditure occurred before the LHJ's contract was signed.**

These funds are not intended for fee-based services such as select environmental public health services. As state funding for FPHS increases, other funds sources (local revenue, grants, federal block grants) should be directed to the implementation of additional important services and local/state priorities as determined by each agency/jurisdiction.

Annual Allocations – The legislature appropriates FPHS funding on an annual basis and the FPHS Steering Committee allocates funds annually through the FPHS Concurrence Process for the State Fiscal Year (SFY): July - June.

The Legislature appropriates FPHS funding amounts for each fiscal year of the biennium. This means that funds must be spent within that fiscal year and cannot be carried forward. Any funds not spent by June 30th each year must be returned to the State Treasury. Funding allocations reset and begin again at the start of the next fiscal year (July 1).

This Statement of Work is for the period of July 1, 2024-December 31, 2024 and may be included in multiple Consolidated Contracts (ConCons) which are based on the calendar year and renewed every three years.

Disbursement of FPHS funds to LHJs – Unlike other ConCon grants, FPHS bill-back to DOH is NOT required. Half of the annual FPHS funds allocated by the Steering Committee to each LHJ are disbursed each July and January. The July payments to LHJs and access to FPHS allocation for all other parts of the governmental public health system occur upon completion of the FPHS Annual Assessment.

Deliverables – FPHS funds are to be used to assure FPHS services statewide. The FPHS accountability process measures how funds are spent, along with changes in system capacity through the FPHS Annual Assessment, system performance indicators, and other data. DOH, SBOH and local health jurisdictions have agreed to complete:

1. Reporting of spending and spending projections. Process timelines and reporting template are provided by the FPHS Steering Committee via FPHS Support Staff.
2. FPHS Annual Assessment is due each July to report on the previous state fiscal year. Process and reporting template are provided by the FPHS Steering Committee via FPHS Support Staff. System results are published in the annual FPHS Investment Report available at www.doh.wa.gov/fphs.
