Board of Commissioners
Agenda Request

To: Board of Commissioners
Mark McCauley, County Administrator

From: Monte Reinders, P.E., Public Works Director/County Engineer

Agenda Date: October 9, 2023

Subject: Resolution to Create County Project
Upper Hoh Road MP 8 Bank Stabilization
County Road No. 914207

Statement of Issue: Create a County project known as Upper Hoh Road MP 8 Bank Stabilization.

Analysis/Strategic Goals/Pro's & Con's: Public Works has obtained funding through the Federal Lands Access Program (FLAP) for river bank stabilization in the vicinity of milepost 8 on Upper Hoh Road. Along this segment of road, river bank erosion has progressively shifted upstream and the road has washed out and been repaired at five locations since 2004. Additional road washouts are anticipated if no preventative action is taken. Western Federal Lands will perform the design, construction, and management of this project.

Fiscal Impact/Cost Benefit Analysis: The total estimated project cost is \$5,071,379, which includes \$4,993,379 from the FLAP program and toll credits, and \$78,000 from the County Road Fund.

Recommendation: Public Works recommends that the Board adopt this resolution thereby creating a County project known as the Upper Hoh Road MP 8 Bank Stabilization.

Department Contact: Mark Thurston, P.E., Project Manager, 385-9210.
