

**JEFFERSON COUNTY
BOARD OF COUNTY COMMISSIONERS**

CONSENT AGENDA REQUEST

TO: Board of County Commissioners
Mark McCauley, County Administrator

FROM: Sophie DeGroot, Noxious Weed Control Coordinator

DATE: February 18, 2025

SUBJECT: Clallam County Noxious Weed Control Partnership

STATEMENT OF ISSUE:

Noxious weeds have no care for political boundaries. Jefferson County is home to a number of weeds that are crawling their way towards Clallam County. Partnering with the Clallam County Noxious Weed Control Board gets more boots on the ground to stop these weeds from crossing County line.

ANALYSIS:

This partnership is in its third year. Not only does it increase how much ground we can cover during the busiest weeks of weed growth in the Spring, but it provides an important opportunity to collaborate with our peers in Clallam County. Working together means more continuity, higher standards, and overall better weed control for the Olympic Peninsula.

FISCAL IMPACT:

The funds to support this contract come from already contracted dollars. This will not take away from the work that the JCNWCB is able to conduct, but will add to how much ground we can cover in 2025.

RECOMMENDATION:

I recommend the approval of this contract by the Board of County Commissioners.

INSTRUCTIONS

Do not apply digital signatures until the entire packet is ready to submit.

APPROVAL STEPS:

STEP 1: COMPLIANCE WITH JCC 3.55.080 3.55.080 and Chapter 42.23 RCW. Department Heads or Elected Officials for departments who are proposing the contract must check one of the two boxes: (1) Check the "Certification" box, demonstrating compliance with that JCC 3.55.080 and Chapter 42.23 RCW; **or**, (2) Check the "N/A" box, verifying that certification does not apply: (a) For approval of contracts before a contractor is selected; **or**, (b) For contracts with other government agencies, including interlocal agreements. Department Heads or Elected Officials may delegate this responsibility to certify the Contract Review Form in writing to a person who has been trained to determine compliance with JCC 3.55.080 and Chapter 42.23 RCW. JCC 3.55.080 states: "All persons involved in county purchasing are required to follow the rules regarding conflicts of interest as set forth in Chapter 42.23 RCW, as now or hereafter amended, and, in addition thereto, are expressly prohibited from accepting, directly or indirectly, from any person, company, firm, or corporation to which any procurement or contract is or might be awarded, any rebate, gift, money or anything of value whatsoever, except where given for the use and benefit of the county."

STEP 2: CERTIFICATION THAT THE CONTRACTOR HAS NOT BEEN DEBARRED BY ANY FEDERAL, STATE, OR LOCAL AGENCY. Department Heads or Elected Officials for departments who are proposing the contract must check one of the two boxes: (1) Check the "Certification" box, demonstrating that the contractor has **not** been debarred by a government agency; **or**, (2) Check the "N/A" box, verifying that certification does not apply: (a) For approval of contracts before a contractor is selected; **or**, (b) For contracts with other government agencies that do not involve grant funding, including interlocal agreements. Department Heads or Elected Officials may delegate this responsibility to certify the Contract Review Form in writing to a person who has been trained to determine whether contractors have been debarred by a government agency. Contractors who have been debarred by a government agency are not eligible to contract with that agency or Jefferson County. Jefferson County does not want to contract with debarred contractors because they are considered untrustworthy. In addition, where grant funding is involved, debarred contractors usually are not eligible to receive grant money and, if they are given grant funding, the County may be required to repay spent grant funding. At a minimum, checking the certified box requires checking:

- Exclusions Section of the Federal Government Services Administration System for Award Management (SAM) at <https://sam.gov/content/exclusions>; and,
- The Washington State Department of Labor & Industries Debarred Contractors List website (<https://secure.lni.wa.gov/debarandstrike/ContractorDebarList.aspx>).

In addition, before checking the "Certification" box, the department should ask contractors to verify they have not been debarred by a federal, state or local government agency. The department may satisfy Step 2 by attaching the standard debarment certificate completed by the contractor. However, even if a standard debarment certificate is attached, the "Certification" box still must be checked to satisfy Step 2.

STEP 3: RISK MANAGEMENT REVIEW. Risk management review of all contracts is required by the County's relationship with the Washington Counties Risk Pool and by the County's risk management resolution. Risk management review involves determining whether the contract is a valid contract and whether the contract language, including risk allocation provisions like indemnity and insurance requirements, adequately protect the County from risks posed by the contract.

STEP 4: PROSECUTING ATTORNEY REVIEW. Legal review of all contracts by the Prosecuting Attorney's Office (PAO) is required by the County's relationship documents with the Washington Counties Risk Pool and by the County's risk management resolution. Review by the PAO involves determining whether the contract is a valid and unambiguous contract and may include whether the contract language, including risk allocation provisions, adequately protect the County from risks posed by the contract.

STEP 5: REVISIONS, IF REQUIRED BY RISK MANAGEMENT OR THE PAO. If required, the department makes revisions suggested by risk management or the PAO. Then, the department resubmits the revised contract to risk management and the PAO.

STEP 6: CONTRACTOR SIGNS. Obtain the contractor's signature before submitting to the Board of County Commissioners (BoCC) for approval.

STEP 7: SUBMIT TO BOCC FOR APPROVAL.

1. Print 3 duplicate originals of the contract for the Commissioners' signature.
2. The submittal should include:
 - a. The 3 duplicate originals, each with PAO's signature approving the contract as to form;
 - b. This Contract Review Form showing approval by Risk Management and the PAO; and,
 - c. An Agenda Request.
3. Send all together in a hard copy packet to Attn: Julie/BoCC Office via interoffice mail to submit to the BoCC Agenda. The Deadline for Agenda Items is Tuesday's by 4:30 p.m. in order to be included on the following Monday's Agenda. If the submission does not meet this deadline, it will be added to the agenda for next Monday regular meeting of the BoCC.

QUESTIONS:

Questions about contracting and contract review should be presented first to the person in the department responsible for submission of contracts for approval. If questions cannot be answered within the department, then questions should be presented to Risk Management or the PAO's Civil Department. For questions about scheduling Agenda items, posting Agenda items, etc., please email or call Julie Shannon, BoCC Office, x384.

- b. In the event of the death of a member, partner, or officer of Contractor, or any of its supervisory personnel assigned to the project, the surviving members of Contractor hereby agree to complete the work under the terms of this Agreement, if requested to do so by County. APPENDIX A – SCOPE OF WORK AND PAYMENT OF SERVICES

Project

Jefferson County Public Works Roads Department Noxious Weed Control Project:

The Jefferson County Noxious Weed Control Board (JCNWCB) has partnered with the Jefferson County Public Works (Roads Division) to provide services for weed control along right of ways on county roads. Public Works maintains approximately 400 miles of county roads, which have infestations of county listed noxious weeds. County road right of ways are a vector for the spread of noxious weeds. Therefore, it is important to control these weeds early and continue annual maintenance. These noxious weeds pose a threat to the health of our environment and are required for control by state law.

In 2023 and 2024, the Clallam Crew was a critical part of increasing the amount of work that could be done to hand-pull wild chervil in Jefferson County. In 2023, the focus was on hand-pulling. In 2024, crews worked diligently to find the best herbicide option, as well as the most successful time of year to conduct treatment.

Objectives

Under supervision of COUNTY, crew(s) will perform tasks that control or limit the spread of noxious weeds. Specific tasks could include control, scientific surveying and monitoring, or reporting.

The predominant weed that is being targeted on Jefferson County Roads is wild chervil, *Anthriscus sylvestris*. This Class B weed has an aggressive growth habit which thrives on road sides and quickly creates monocultures. It poses a serious threat to native plants and agriculture. It is also on the Washington Department of Agriculture's quarantine list. The partnership between the Jefferson County Noxious Weed Control Board and the Clallam County Noxious Weed Control Board is to limit the spread of noxious weeds from Jefferson County to Clallam County. Clallam County has only two reported infestations of wild chervil and the collaboration on this project will keep it that way, as well as limit the transport of other weeds to and from the counties.

Considerations and Conditions

1. CONTRACTOR is not responsible for normal wear and tear when project requires the use of COUNTY-provided tools, equipment, or safety gear.
2. The assignment of members shall not result in the displacement of currently employed workers, including partial displacement such as reduction in hours of non-overtime work, wages, or other employment benefits.
3. If inclement weather makes a project site inaccessible, then the COUNTY may reassign the crew, or defer the work to a later date.

CONTRACTOR Deliverables

1. Provide agreed upon number of crew members for scheduled work days.
2. Provide appropriate and necessary herbicide at cost for the project.
3. Provide own equipment for project.

4. Fill out accurate spray records and provide copies to COUNTY.

Payment of Services

CCNWCB will invoice JCNWCB within 30 days of completion of work.

Scope of Work

Wild chervil has been found along Jefferson County Roads since 2016. Crews have been performing spot treatments along the roads for wild chervil, poison hemlock, and common teasel. The main target roads are Center Valley Rd, Eaglemount Rd, Old Eaglemount Rd, West Valley Rd, and Anderson Lake Rd. See Map A below for 2024 survey points. Map B outlines the areas targeted for spray in 2025. JCNWCB will survey again in early Spring 2025 and direct the Clallam Crew on where to treat. As in 2023 and 2024, priority areas will be sites where the weeds can most easily transfer to roads that lead to Clallam County. JCNWCB will send out letters to all adjacent homeowners alerting them to the work.

In year 3 of this contract, we will put to use the knowledge we have gained over the past 2 years about which herbicides work best and when treatments are most successful. In 2024, JCNWCB did a lot of work to spray first year seedlings, which we hope will make the work load in 2025 a bit easier to manage.

As needed, crew will spot treat other noxious weeds as directed by the Coordinator, or that they come across while out in the field. This may include but is not limited to Canada and bull thistle, wild basil savory, teasel, poison hemlock, spotted jewelweed and tansy ragwort. These weeds also travel to and threaten Clallam County roads and lands.
