

**JEFFERSON COUNTY
BOARD OF COUNTY COMMISSIONERS**

CONSENT AGENDA REQUEST

TO: Board of County Commissioners

FROM: Mark McCauley, County Administrator

DATE: October 14, 2024

SUBJECT: Hearing notice, re: Resolution of the Jefferson County, Washington Board of Commissioners, Opposing Initiative No. 2117 Relating to the Repeal of the Climate Commitment Act and Prohibiting Carbon Tax Credit Trading, Scheduled for this November 5, 2024, General Election

STATEMENT OF ISSUE:

During the Board of County Commissioners meeting on Monday, October 7, 2024 several attendees spoke during public comment regarding their opposition to Initiative 2117, which would repeal the Climate Commitment Act. In addition, they asked that the Jefferson County Board of Commissioners consider taking formal action to announce their opposition to the initiative.

ANALYSIS:

Jefferson County has a long history of supporting actions to foster a healthy environment with clean air to breath, clean water to drink and a stable climate for our children and future generations. This includes adopting a number of resolutions adopting ambitious carbon and greenhouse emission reduction targets and taking part in the Climate Action Committee.

The Climate Commitment Act is a key policy to reduce carbon and greenhouse gas emissions that will help us meet our reduction targets and is consistent with the County's goals and objectives. Repeal would be a significant setback for our program and for the state as a whole.

The attached resolution, if adopted, will make the Board's opposition to repeal clear. The attached hearing notice includes the title and number of the ballot proposition, announces the date, time and location of the public hearing to consider adopting the resolution. At the hearing, members of the Commission and public will be afforded an approximately equal opportunity for the expression of an opposing view.

FISCAL IMPACT:

This request has no fiscal impact.

RECOMMENDATION:

That the Board of Commissioners approve the attached hearing notice.
