**JEFFERSON COUNTY
BOARD OF COUNTY COMMISSIONERS**

AGENDA REQUEST

TO: Board of County Commissioners
Mark McCauley, County Administrator

FROM: Pinky Mingo, Environmental Health and Water Quality Director
Tami Pokorny, Natural Resources Program Coordinator

DATE: September 26, 2022

SUBJECT: Request to reappoint Craig Schrader to serve a third 4-year term on the Conservation Futures Citizen Oversight Committee representing the Open Interest "Climate Change", through August 5th, 2026.

STATEMENT OF ISSUE:

Public Health requests that the County Commissioners reappoint Craig Schrader to serve a third 4-year term on the Conservation Futures Citizen Oversight Committee representing the Open Interest "Climate Change", through August 5th, 2026.

ANALYSIS/STRATEGIC GOALS/PRO'S and CON'S:

An Open Interest vacancy on the CF Committee, in addition to the seats formerly occupied by JD Gallant, Lorna Smith and Scott Brinton, was advertised in *The Leader* on July 20th and July 27th, 2022. Mr. Schrader responded to the ad prior to the September 2, 2022 deadline. Mr. Schrader has served consistently and admirably on the committee since August of 2013, and his reappointment would help maintain continuity and a high level of relevant expertise within the program. Mr. Schrader's background is in soil science and he was previously employed by the Jefferson County Conservation District.

FISCAL IMPACT/COST BENEFIT ANALYSIS:

There is no fiscal impact to the county's General Fund for reappointing Mr. Schrader to a third 4-year term on the CF Committee.

RECOMMENDATION:

Public Health requests that the County Commissioners reappoint Craig Schrader to the Conservation Futures Citizen Oversight Committee to serve a third 4-year term to represent the Open Interest "Climate Change", through August 5th, 2026.
