

**JEFFERSON COUNTY
BOARD OF COUNTY COMMISSIONERS
AGENDA REQUEST**

TO: Board of County Commissioners
Mark McCauley, County Administrator

FROM: Apple Martine, Director
Denise Banker, Community Health Director

DATE:

SUBJECT: Agenda Item – Amendment 1 to Agency Agreement – Division of Behavioral Health and Recovery, September 30, 2021 – June 30, 2023; Maximum Contract Amount of \$220,000

STATEMENT OF ISSUE:

Jefferson County Public Health (JCPH) is requesting Board approval of Amendment 1 to the Agency agreement with the Division of Behavioral Health and Recovery with Washington State Health Care Authority, September 30, 2021 – June 30, 2023; Maximum contract amount of \$220,000.

ANALYSIS/STRATEGIC GOALS/PROS and CONS:

This is an expansion grant awarded to JCPH to expand the state's Community Prevention and Wellness Initiative (CPWI) into the Quilcene School District, which, for the purposes of this funding includes Brinnon School District, as it is known as a feeder school for Quilcene. There are existing CPWI Empowered Teens Prevention Coalitions in the Chimacum and Port Townsend School Districts that are part of the state's cohorts one and six, respectively. Quilcene School District was identified as a qualifying school district for the state's Cohort 7 Expansion Grant. These funds are to be used by the coalition to fund and provide evidence-based alcohol, tobacco, and other drug prevention education and programming in the schools and the community. JCPH functions as the coalition's fiscal agent.

This Amendment 1 redefines the definition "Dedicated Marijuana Account" or "DMA" as "Dedicated Cannabis Account" or "DCA." It also revises Subsection 8.2 "Reimbursements" to clarify invoicing requirements. And it revises Section 22 "Billing Limitations" to eliminate specificity regarding the term within which claims for payment of services may be made.

FISCAL IMPACT/COST BENEFIT ANALYSIS:

This grant provides \$220,000.00 dollars of additional funding for programming to support the health of Jefferson County residents. There is no change in funding from the original contract.

RECOMMENDATION:

JCPH management requests Board approval of Amendment 1 to the Agency Agreement with the Division of Behavioral Health and Recovery with Washington State Health Care Authority for prevention services, September 30, 2021 – June 30, 2023; Maximum contract amount of \$220,000.

 - a. In cases where there is no active non-compliant program, Contractor shall discontinue implementation of that program within the specified geography.
 - b. In cases where the same programs as the non-compliant program are active and continuing in the same school district, those groups, as determined by Activity Logs, will be allowed to complete the expected number of sessions. No new groups, as determined by Activity Logs, will be started.
 - c. Following the conclusion of all groups, as determined by Activity Logs, completing the program, results will be reviewed for those groups.

 - i. In cases where the program is being delivered by a single provider in the specified geography, Contractor shall discontinue implementation of that program in the specified geography.
 - ii. In cases where the program is being delivered by multiple providers in the specified geography, Contractor shall discontinue implementation of that program by the underperforming provider in the specified geography.

ATTACHMENT 3 - BUSINESS ASSOCIATE AGREEMENT

This BUSINESS ASSOCIATE AGREEMENT is made between **Jefferson County Public Health** (Business Associate) and the Washington State Health Care Authority (HCA). This agreement does not expire or automatically terminate except as stated in Section 5.

This Agreement relates to **K5534** between the Business Associate and HCA unless otherwise agreed. Business Associate is or may be a "Business Associate" of HCA as defined in the HIPAA Rules. If there is a conflict between the provisions of this Agreement and provisions of other contracts, this Agreement controls; otherwise, the provisions in this Agreement do not replace any provisions of any other contracts. If the other Contract is terminated, this Agreement nonetheless continues in effect.

This Business Associate Agreement supersedes any existing Business Associate Agreement the Business Associate may have with HCA. It also supersedes any "business associate" section in an underlying Contract.

1. DEFINITIONS

Access attempts - Information systems are the frequent target of probes, scans, "pings," and other activities that may or may not indicate threats, whose sources may be difficult or impossible to identify, and whose motives are unknown, and which do not result in access or risk to any information system or PHI. Those activities are "access attempts."

Day - means business days observed by Washington State government unless otherwise specified.

Catch-all definitions - The following terms used in this Agreement have the same meaning as those terms in the HIPAA Rules: Breach, Business Associate, Data Aggregation, Designated Record Set, Disclosure, Health Care Operations, Individual, Minimum Necessary, Notice of Privacy Practices, Secretary, Security Incident, Unsecured Protected Health Information (PHI), and Use.

Clients or Individuals - "Clients" or "individuals" are people who have health or other coverage or benefits from or through HCA. They include Medicaid clients, Public Employees Benefits Board subscribers and enrollees, and others.

Contract or Underlying Contract - "Contract" or "underlying contract" means all agreements between Business Associate and HCA under which Business Associate is a "business associate" as defined in the Security or Privacy Rules. The terms apply whether there is one such agreement or more than one, and if there is more than one the terms include them all even though a singular form is used except as otherwise specified. The terms include agreements now in effect and agreements that become effective after the effective date of this Agreement.

Effective Date - "Effective Date" means the date of the signature with the latest date affixed to the Agreement.

HIPAA Rules; Security, Breach Notification, and Privacy Rules - "HIPAA Rules" means the Privacy, Security, Breach Notification, and Enforcement Rules at 45 CFR Part 160 and Part 164, as now in effect and as modified from time to time. In part 164 of title 45 CFR, the "Security Rule" is subpart C (beginning with §164.302), the "Breach Notification Rule" is subpart D (beginning with § 164.400), and the "Privacy Rule" is subpart E (beginning with § 164.500).

Protected Health Information or PHI - "Protected Health Information" has the same meaning as in the HIPAA Rules except that in this Agreement the term includes only information created

by Business Associate or any of its contractors, or received from or on behalf of HCA, and relating to Clients. "PHI" means Protected Health Information.

2. OBLIGATIONS AND ACTIVITIES OF BUSINESS ASSOCIATE

i. Limits

Business Associate will not use or disclose PHI other than as permitted or required by the Contract or this Agreement or as required by law. Except as otherwise limited in this Agreement, Business Associate may use or disclose PHI on behalf of, or as necessary for purposes of the underlying contract, if such use or disclosure of PHI would not violate the Privacy Rule if done by a Covered Entity and is the minimum necessary.

ii. Safeguards

Business Associate will use appropriate safeguards, and will comply with the Security Rule with respect to electronic PHI, to prevent use or disclosure of PHI other than as provided for by the Contract or this Agreement. Business Associate will store and transfer PHI in encrypted form.

iii. Reporting Security Incidents

Business Associate will report security incidents that materially interfere with an information system used in connection with PHI. Business Associate will report those security incidents to HCA within five (5) days of their discovery by Business Associate. If such an incident is also a Breach or may be a Breach, subsection 3 applies instead of this provision.

Access Attempts shall be recorded in Business Associate's system logs. Access Attempts are not categorically considered unauthorized Use or Disclosure, but Access Attempts do fall under the definition of Security Incident and Business Associate is required to report them to HCA.

Since Business Associate's reporting and HCA's review of all records of Access Attempts would be materially burdensome to both parties without necessarily reducing risks to information systems or PHI, the parties agree that Business Associate will review logs and other records of Access Attempts, will investigate events where it is not clear whether or not an apparent Access Attempt was successful, and determine whether an Access Attempt:

- a. Was in fact a "successful" unauthorized Access to, or unauthorized Use, Disclosure, modification, or destruction of PHI subject to this Agreement, or
- b. Resulted in material interference with Business Associate's information system used with respect to PHI subject to this Agreement, or
- c. Caused an unauthorized Use or Disclosure.

Subject to Business Associate's performance as described herein. This provision shall serve as Business Associate's notice to HCA that Access Attempts will occur and are anticipated to continue occurring with respect to Business Associate's information systems. HCA acknowledges this notification, and Business Associate is not required to provide further notification of Access Attempts unless they are successful as described in this Section 2 in which case Business Associate will report them in accordance with this Section 2.

3. **BREACH NOTIFICATION**

"Breach" is defined in the Breach Notification Rule. The time when a Breach is considered to have been discovered is explained in that Rule. HCA, or its designee, is responsible for determining whether an unauthorized Use or Disclosure constitutes a Breach under the Breach Notification Rule, RCW 42.56.590 or RCW 19.255.010, or other law or rule, and for any notification under the Breach Notification Rule, RCW 42.56.590 or RCW 19.255.010, or other law or rule.

Business Associate will notify HCA of any unauthorized use or disclosure and any other possible Breach within five (5) business days of discovery. If Business Associate does not have full details at that time, it will report what information it has, and provide full details within fifteen business (15) days after discovery. The initial report may be oral. Business Associate will give a written report to HCA, however, as soon as possible. To the extent possible, these reports must include the following:

- i. The identification of each individual whose PHI has been or may have been accessed, acquired, or disclosed;
- ii. The nature of the unauthorized Use or Disclosure, including a brief description of what happened, the date of the event(s), and the date of discovery;
- iii. A description of the types of PHI involved;
- iv. The investigative and remedial actions the Business Associate or its subcontractor took or will take to prevent and mitigate harmful effects, and protect against recurrence;
- v. Any details necessary for a determination of the potential harm to Individuals whose PHI is believed to have been Used or Disclosed and the steps such Individuals should take to protect themselves; and
- vi. Such other information as HCA may reasonably request.

If Business Associate determines that it has or may have an independent notification obligation under any state breach notification laws, Business Associate will promptly notify HCA. In any event, Business Associate will notify HCA of its intent to give any notification under a state breach notification law no fewer than ten (10) business days before giving such notification.

If Business Associate or any subcontractor or agent of Business Associate actually makes or causes, or fails to prevent, a use or disclosure constituting a Breach within the meaning of the Breach Notification Rule, and if notification of that use or disclosure must (in the judgment of HCA) be made under the Breach Notification Rule, or RCW 42.56.590 or RCW 19.255.010, or other law or rule, then:

- i. HCA may choose to make any notifications to the individuals, to the Secretary, and to the media, or direct Business Associate to make them or any of them.
- ii. In any case, Business Associate will pay the reasonable costs of notification to individuals, media, and governmental agencies and of other actions HCA reasonably considers appropriate to protect clients (such as paying for regular credit watches in some cases), and
- iii. Business Associate will compensate HCA clients for harms caused to them by the Breach or possible Breach described above.

Business Associate's obligations regarding breach notification survive the termination of this Agreement and continue for as long as Business Associate maintains the PHI and for any breach or possible breach at any time.

4. SUBCONTRACTORS

Business Associate will ensure that any subcontractors or agents that create, receive, maintain, or transmit PHI on behalf of the Business Associate agree to protective restrictions, conditions, and requirements at least as strict as those that apply to the Business Associate with respect to that information. Upon request by HCA, Business Associate will identify to HCA all its subcontractors and provide copies of its agreements (including business associate agreements or contracts) with them. The fact that Business Associate subcontracted or otherwise delegated any responsibility to a subcontractor or anyone else does not relieve Business Associate of its responsibilities.

5. ACCESS

Business Associate will make available PHI in a designated record set to the HCA as necessary to satisfy HCA's obligations under 45 CFR § 164.524. Business Associate will give the information to HCA within five (5) business days of the request from the individual or HCA, whichever is earlier. If HCA requests, Business Associate will make that information available directly to the individual. If Business Associate receives a request for access directly from the individual, Business Associate will inform HCA of the request within three (3) business days, and if requested by HCA it will provide the access in accordance with the HIPAA Rules.

6. AMENDING PHI

Business Associate will make any amendments to PHI in a designated record set as directed or agreed to by the HCA pursuant to 45 CFR § 164.526, or take other measures requested by HCA to satisfy HCA's obligations under that provision. If Business Associate receives a request for amendment directly from an individual, Business Associate will both acknowledge it and inform HCA within three (3) business days, and if HCA so requests act on it within ten (10) business days and inform HCA of its actions.

7. ACCOUNTING

Business Associate will maintain and make available to HCA the information required to provide an accounting of disclosures as necessary to satisfy HCA's obligations under 45 CFR § 164.528. If Business Associate receives an individual's request for an accounting, it will either provide the accounting as required by the Privacy Rule or, at its option, pass the request on to HCA within ten (10) business days after receiving it.

8. OBLIGATIONS

To the extent the Business Associate is to carry out one or more of HCA's obligations under the Privacy Rule, it will comply with the requirements of that rule that apply to HCA in the performance of such obligations.

9. BOOKS, ETC.

Business Associate will make its internal practices, books, and records available to the Secretary for purposes of determining compliance with the HIPAA Rules.

10. MITIGATION

Business Associate will mitigate, to the extent practicable, any harmful effect of a use or disclosure of PHI by Business Associate or any of its agents or subcontractors in violation of the requirements of any of the HIPAA Rules, this Agreement, or the Contract.

11. INDEMNIFICATION

To the fullest extent permitted by law, Business Associate will indemnify, defend, and hold harmless the State of Washington, HCA, and all officials, agents, and employees of the State from and against all claims of any kind arising out of or resulting from the performance of this Agreement, including Breach or violation of HIPAA Rules.

12. PERMITTED USES AND DISCLOSURES BY BUSINESS ASSOCIATE**i. Limited Use and Disclosure**

Except as provided in this Section 3, Business Associate may use or disclose PHI only as necessary to perform the services set forth in the Contract.

ii. General Limitation

Business Associate will not use or disclose PHI in a manner that would violate the Privacy Rule if done by HCA.

iii. Required by Law

Business Associate may use or disclose PHI as required by law.

iv. De-Identifying

Business Associate may de-identified PHI in accordance with 45 CFR § 164.514(a)-(c).

v. Minimum Necessary

Business Associate will make uses and disclosures of only the minimum necessary PHI, and will request only the minimum necessary PHI.

13. DISCLOSURE FOR MANAGEMENT AND ADMINISTRATION OF BUSINESS ASSOCIATE

Subject to subsection 3.6.2, Business Associate may disclose PHI for the proper management and administration of Business Associate or to carry out the legal responsibilities of the Business Associate.

5. CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such Federal funds. The law does not apply to children's services provided in private residence, portions of facilities used for inpatient drug or alcohol

treatment, service providers whose sole source of applicable Federal funds is Medicare or Medicaid, or facilities where WIC coupons are redeemed.

Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

By signing the certification, the undersigned certifies that the contracting organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act.

The contracting organization agrees that it will require that the language of this certification be included in any subcontracts which contain provisions for children's services and that all sub-recipients shall certify accordingly.

The Public Health Services strongly encourages all recipients to provide a smoke-free workplace and promote the non-use of tobacco products. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

6. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS INSTRUCTIONS FOR CERTIFICATION

- I. By signing and submitting this proposal, the prospective contractor is providing the certification set out below.
- II. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective contractor shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective contractor to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- III. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective contractor knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause of default.
- IV. The prospective contractor shall provide immediate written notice to the department or agency to whom this contract is submitted if at any time the prospective contractor learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- V. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the person to whom this contract is submitted for assistance in obtaining a copy of those regulations.
- VI. The prospective contractor agrees by submitting this contract that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by HCA.
- VII. The prospective contractor further agrees by submitting this contract that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion -- Lower Tier Covered Transaction," provided by HHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- VIII. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List (of excluded parties).

- IX. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- X. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, HCA may terminate this transaction for cause or default.

**7. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS
