Board of Commissioners
Agenda Request

To: Board of Commissioners
Mark McCauley, County Administrator

From: Monte Reinders, P.E., Public Works Director/County Engineer 

Agenda Date: February 20, 2024 11:00 a.m.

Subject: Quilcene Community Park Site Plan Briefing and Workshop

Statement of Issue: The Quilcene Skate Park Project is a group of local volunteers who want to build a skate park in Quilcene Community Park. A conceptual site plan to define a location for the skate park in Quilcene Community Park has been prepared. The site plan was created in coordination with Facilities Services, Parks and Recreation, the Parks and Recreation Advisory Board, and the local community. The board will have the opportunity to discuss the site plan, provide guidance, and possibly move to support it.

Analysis/Strategic Goals/Pro's & Con's: Effective site master planning is crucial for the future. The following new elements are also included in the plan: caretakers' campsite, restroom facility, and a larger septic system. The plan also includes possible changes to the building in the back currently used for foodbank storage.

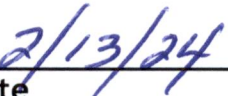

Fiscal Impact/Cost Benefit Analysis: Advance coordination can reduce future costs. A topographical base map was commissioned and completed by the Quilcene Skate Park Project. Staff time necessary for the project is already budgeted as part of regular duties.

Recommendation: Discuss the conceptual site plan. Provide suggestions and direction. Consider moving to support the proposal.
