

Jefferson County
Board of Commissioners
Agenda Request

To: Board of Commissioners
Mark McCauley, County Administrator

From: Monte Reinders, P.E., Public Works Director/County Engineer 

Agenda Date: April 10, 2023

Subject: Resolution to create a County Project - East Jefferson Culvert Lining Project

Statement of Issue: Create a county project known as the East Jefferson Culvert Lining Project.

Analysis/Strategic Goals/Pro's & Con's: Jefferson County has many deteriorating steel culvert pipes and recently completed a project that cost effectively installed fiberglass epoxy liners (CIPP method) in three of the culverts. The proposed East Jefferson Culvert Lining Project will complete the preliminary engineering (PE) necessary to identify additional culverts that can be restored using the CIPP method and develop a specific project to restore one to four of the culverts. A project will be added to the 2024-2029 TIP which will include construction costs.

Fiscal Impact/Cost Benefit Analysis: The estimated PE cost of \$6,000 will be funded from County road funds.

Recommendation: The Board is requested to sign one original of the Resolution to Create County Project.
