

**JEFFERSON COUNTY
BOARD OF COUNTY COMMISSIONERS**

AGENDA REQUEST

TO: Board of County Commissioners (BoCC)
Mark McCauley, County Administrator

FROM: Josh D. Peters, AICP, Community Development Director

DATE: January 22, 2024

RE: Shoreline Master Program (SMP) deliberations

STATEMENT OF ISSUE:

The Board held a public hearing on January 8 and a workshop on January 16 in association with the consideration of proposed amendments to the Jefferson County Shoreline Master Program (SMP) as part of required Periodic Review.

Next steps in the process are these deliberations, supported by staff and consultants, on January 22, followed by consideration of an ordinance to locally adopt SMP amendment, tentatively scheduled for February 12. The January 8 public hearing remains open.

ANALYSIS:

This process has been underway since 2020. The Board has policy choices to consider with respect to the Planning Commission recommendation and public input. Direction from the Board will assist staff in drafting an ordinance for amending the SMP. Staff will arrange for appropriate notification of a proposed ordinance in order to solicit public comment prior to Board action on February 12 (or alternate date).

FISCAL IMPACT:

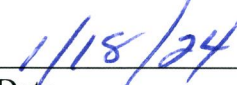

There are budgeted funds for staff time and—to a degree—consultant services associated with this process.

RECOMMENDATION:

Deliberate. Provide direction to staff to draft an adopting ordinance that reflects Board choices.

REVIEWED BY:

Mark McCauley, County Administrator
