Project Memorandum of Agreement
Two Trout Creek Culvert Replacement, Oil City Rd. MP 0.5
County Road No. 134309
County Project No. 18021180

Statement of Issue: A Project Memorandum of Agreement between Jefferson County and the Federal Highway Administration is necessary in order to proceed with the Two Trout Creek Culvert Replacement Project.

Analysis/Strategic Goals/Pro's & Con's: Replacement of the culvert at Oil City Road MP 0.50 with a new structure will help to preserve vehicular access to the Olympic National Park South Coast Trail, as well as state, federal, and private land, and correct a fish passage barrier. Public Works secured funding for the project through the Federal Lands Access Program. The Western Federal Lands Highway Division (WFLHD) will perform design, construction, and management of the project.

Fiscal Impact/Cost Benefit Analysis: WFLHD has estimated the total project cost at \$3,425,000 which will be funded at 100% by the FLAP grant and toll credits. Jefferson County will contribute an estimated \$10,000 in staff time for coordination with WFLHD, which will be funded by the Road Fund.

Recommendation: Public Works recommends the Board execute the Project Memorandum of Agreement with WFLHD by signing and returning all three originals to Public Works. One fully executed original will be returned to the Board after execution by WFLHD.

A. PURPOSE OF THIS AGREEMENT:

This agreement documents the intent of the parties and sets forth the anticipated responsibilities of each party in the development, construction, and continued maintenance of the subject project. The purpose of the agreement is to identify and assign responsibilities for Project Development, Contract Advertisement, and Construction Administration as appropriate for this project, and to ensure continued maintenance of the facility for public use if improvements are made. The parties understand that any final decision as to design or construction will not be made until after the environmental analysis required under the National Environmental Policy Act (NEPA) is completed (this does not prevent the parties from assigning proposed design criteria to be studied in the NEPA process.) Any decision to proceed with the design and construction of the project will depend on the availability of appropriations at the time of obligation and other factors such as issues raised during the NEPA process, a natural disaster that changes the need for the project, a change in Congressional direction, or other relevant factors.

If Federal Lands Access Program (FLAP) funds are used for the development or construction of this project, Jefferson County agrees to provide a matching share equal to 13.5% of the total cost of the project, as detailed more fully in Section J below. When agency(cies) other than FHWA-WFL will be expending FLAP funds, the parties agree to execute a separate obligating document. No reimbursement will be made for expenses incurred prior to execution of the obligating document.

B. AUTHORITY:

This Agreement is entered into between the signatory parties pursuant to the provisions of 23 U.S.C. 204 and Jefferson County, Washington.

C. JURISDICTION AND MAINTENANCE COMMITMENT:

Jefferson County, Washington has jurisdictional authority to operate and maintain the existing facility and will operate and maintain the completed project at its expense.

Maintenance responsibilities will include permit monitoring and maintenance. No FLAP funding is available for post-project permit obligations.

D. FEDERAL LAND MANAGEMENT AGENCY COORDINATION:

The United States Forest Service and National Park Service support of the project is documented in the Project Proposal by endorsing the proposal.

Each party to this agreement who has a primary role in NEPA, design or construction should coordinate their activities with the Federal Land Management Agency.

E. PROJECT BACKGROUND / SCOPE:

Background:

This project proposes a new Aquatic Organism Passage (AOP) crossing of Two Trout Creek at milepost (MP) 0.52 of Oil City Road near Forks, Washington. The current stream crossing (WDFW #160978) consists of two 48-inch parallel corrugated metal pipe (CMP) culverts. This crossing is located approximately 1,500 feet upstream of the creek's confluence with the Hoh River.

Mass failure below the road is believed to have been caused by the Hoh River lateral migration towards Oil City Road, cutting off the lower confluence causing a drop that triggered a headcut/ failure and progressed upstream eventually undermining the roadway in 1999. As an emergency project, Jefferson County (County) installed the existing culverts and constructed the current roadway to act as a temporary bypass road for the permanent repair.

This project will also provide compensatory stream mitigation for the Upper Hoh River Road Phase 2 project; as required by regulatory permits (CWA 404/401, HPA, Aquatic Land Lease, SMA).

Scope:

Construct a 2-lane, Aquatic Organism Passage (AOP) crossing with scour protection, riparian restoration and fish habitat enhancements.

General:

The proposed project at Two Trout Creek is located at milepost (MP) 0.52 on Oil City Road. This project is located at approximate coordinates 47°48'12.51"N, 124°15'45.02"W.

F. PROJECT BUDGET:

This is the anticipated budget for the project based on information developed to date. Federal Lands Access Program funds in conjunction with matching funds provided by Jefferson County will fund this project as detailed in Section K.

K. MATCHING SHARE REQUIREMENTS:

The purpose of this section is to document the intent of Jefferson County to meet its match requirement for the subject project as authorized under section 23 USC 201(b)(7)(B).

All FLAP expenditures associated with this project will need to be matched by a Non-Federal source, by other Federal funds other than those made available under Titles 23 and 49 of the United States Code, or by funds made available under 23 U.S.C. 202 and 203. The matching requirement under the FAST Act will be met by Jefferson County.

Jefferson County has committed to the project. The forms of match shall be those consistent with the 'Federal-Aid Guidance Non-Federal Matching Requirements' and as approved by FHWA-WFL. In the state of Washington, 13.5% of the total project cost.

This project is authorized to use a Tapered Match. Under this approach, the non-Federal match is imposed over the entire project rather than individual progress payments. Timing of all fund transfers are specified in the Funding Plan. Tapered Match is authorized because it will result in an earlier completion date.

Estimated costs and fiscal year (FY) for the funding are based on the best budgeting and scheduling information known at the time. The final match will be determined based on actual expenditures at the conclusion of project work. Matching cash funds in FHWA-WFL receipt may need to be supplemented, or returned, once actual expenditures are determined. As noted under Modifications, if costs increase over the amount within this agreement, FHWA-WFL will consult with Jefferson County to ensure availability and commitment of additional match requirements.

Maintain all project records, including source documentation for all expenditures and in-kind contributions, for a period of three (3) years from the date of final acceptance. If any litigation claim, negotiation, or audit has been started before expiration of the three-year period, the records shall be retained until completion of the action and resolution of all issues that arise from it.

The following agencies have agreed to contribute the amounts shown which will reduce the federal share by the same amount. The Funding Plan is as follows:

Agency	Phase	Form	Due	Value	Comments
Jefferson County	CN	Toll Credits	No later than construction final acceptance	\$534,538

Chapter 1 requirements (Federal Aid requirements) to Federal Lands Access Projects delivered by State Departments of Transportation (DOTs) and local public agencies that are evaluated and certified by State DOTs to deliver Federal Aid projects. In instances where a local public agency is not certified to deliver Federal-aid projects and Federal Lands Access projects are delivered by the local public agency cooperatively with Federal Lands Highway Division office oversight, the government-wide Common Rule (2 CFR 200) will be applied. This cooperative relationship will enable the FLH to identify any federal law issues in cooperation with the local public agency which may arise in the project development and delivery process.

1. The Agreement provides funds on a reimbursable basis to the Servicing Agency for the project described in the Access Program Project Memorandum of Agreement.
2. The Government's liability to make payments to the Servicing Agency under the Agreement is limited to those funds obligated by the Government under the Agreement as indicated herein and by any subsequent amendments agreed to in writing by all parties.

6. Reimbursement of costs incurred pursuant to the Agreement will be made pursuant to and in accordance with 2 CFR Part 200 and the provisions of such regulations and procedures as the Government may prescribe. Determination of allowable costs incurred by the Servicing Agency under the Agreement shall be made in accordance with applicable government-wide cost principles under 2 CFR 200. Closeout of the Agreement shall be based upon a determination that all applicable administrative actions and all required work of the Agreement have been completed in accordance with 2 CFR Part 200. Upon the Government's review of all financial, performance, and other reports required as a condition of the Agreement, the Government may make any upward or downward adjustments to the allowable costs in accordance with 2 CFR 200.
7. The Servicing Agency agrees to carry out and complete the Project without undue delays and in accordance with the terms of the Agreement, including the Project Schedule set out in the Agreement, or in the Access Program Project Memorandum of Agreement if no Schedule is included in this Agreement, and comply with such regulations and procedures as the Government may prescribe.
8. The Servicing Agency agrees to retain all documents relevant to the Project for a period of three years from completion of the Project and receipt of final reimbursement from the Government. The

Servicing Agency agrees to furnish the Government, upon request, all documents and records pertaining to the Project.

Statutory/Regulatory Authorities

"No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity," for which the Recipient receives Federal financial assistance from DOT, including the FHWA.

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI and other Non-discrimination requirements (The Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these non-discrimination statutes and requirements to include all programs and activities of the Servicing Agency, so long as any portion of the program is Federally assisted.

Specific Assurances

More specifically, and without limiting the above general Assurance, the Servicing Agency agrees with and gives the following Assurances with respect to its receipt of funds for this project:

1. The Servicing Agency agrees that each "activity," "facility," or "program," as defined in §§ 21.23 (b) and 21.23 (e) of 49 CFR § 21 will be (with regard to an "activity") facilitated, or will be (with regard to a "facility") operated, or will be (with regard to a "program") conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.
2. The Servicing Agency will insert the following notification in all solicitations for bids and requests for proposals for work or materials, regardless of funding source:

4. The Servicing Agency will insert the clauses of Appendix B of this Assurance, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.
5. That where the Servicing Agency receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.
6. That where the Servicing Agency receives Federal financial assistance in the form, or for the acquisition of real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.

7. That the Servicing Agency will include the clauses set forth in Appendix C and Appendix D of this Assurance, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Servicing Agency with other parties:
 - a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and

10. The Servicing Agency agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

By signing the Agreement, the Servicing Agency also agrees to comply (and require any sub-recipients, contractors, successors, transferees, and/or assignees to comply) with all applicable provisions governing the FHWA's access to records, accounts, documents, information, facilities, and staff. The Servicing Agency also recognizes that it must comply with any program or compliance reviews, and/or complaint investigations conducted by the FHWA. The Servicing Agency must keep records, reports, and submit the material for review upon request to FHWA, or its designee in a timely, complete, and accurate way. Additionally, the Servicing Agency must comply with all other reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

The Servicing Agency gives this ASSURANCE in consideration of and for obtaining any Federal funds, and/or discounts, or other Federal-aid and Federal financial assistance extended after the date hereof to the recipients by the U.S. Department of Transportation.
