

Below are the results of the final vote yesterday during our Legislative Steering Committee meeting. Staff will be working on the further development of our legislative agenda utilizing the top four issues (3, 35, 15, and 10). These issues will be brought before the membership for approval as our 23-24 legislative agenda at the County Leaders Conference in November.

Thanks for all your work on this. I know that yesterday was a long meeting at the end of a long process to develop our legislative agenda. As staff, we are grateful for your commitment and your willingness to put in the time and effort to identify the issues most important to members.

Please let me know if you need anything else. Have a great weekend!

Sincerely,

--
