

Jefferson County
Board of Commissioners
Agenda Request

To: Board of Commissioners
Mark McCauley, County Administrator

From: Monte Reinders, Public Works Director 

Agenda Date: April 8, 2024

Subject: Adjustment of Official County Road Log
County Landfill Road #626009

Statement of Issue:

Change the ending milepost for County Landfill Road from MP 0.55 to MP 0.26.

Analysis/Strategic Goals/Pro's & Con's:

The road beyond the transfer station scales is for internal circulation of solid waste customers and staff. It is more appropriately maintained as part of the solid waste facility rather than as part of the county road system.

Fiscal Impact/Cost Benefit Analysis:

Funds other than the County Road Fund will be responsible for maintenance of this road from this point forward.

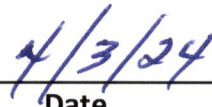

Recommendation:

Please sign the attached Resolution to adjust the ending milepost of County Landfill Road.

Adjusting the Official County Road Log	x	RESOLUTION NO. _____
County Landfill Road, County Road No. 626009	x	

WHEREAS, County Landfill Road (County Road No. 626009) serves the Jefferson County Transfer Station, and

WHEREAS, County Landfill Road is listed on the Official County Road Log as being 0.55 miles in length beginning at its intersection with South Jacob Miller Road and ending near the City of Port Townsend operated composting facility on the Transfer Station property, and

WHEREAS, a solid waste fee station and scales are located at milepost 0.26 on County Landfill Road, and

WHEREAS, the road beyond the scales is for internal circulation purposes and is more appropriately operated and maintained by the Solid Waste division than as a county road, and

WHEREAS, the scales are a logical point at which to end the county road.

NOW THEREFORE, BE IT RESOLVED that the ending milepost of County Landfill Road shall be adjusted on the Official County Road Log to milepost 0.26 and that future road maintenance beyond this point shall be with funds from sources other than the County's Road Fund.
