

**JEFFERSON COUNTY
BOARD OF COUNTY COMMISSIONERS**

AGENDA REQUEST

TO: Board of County Commissioners
Mark McCauley, County Administrator

FROM: Amanda Hamilton, County Clerk
Brian Gleason, District Court Administrator

DATE: June 23, 2025

SUBJECT: Jury Services Software Agreement

STATEMENT OF ISSUE: The Clerk's Office and District Court are in a unique position of sharing jury system administration. The Clerk is responsible for the jury source list, and District Court runs the program. The Clerk pays for the cost of qualifying jurors, and District Court has the personnel and annual software maintenance in their budget. The current system is paper based and no longer supported by the vendor. The proposed system is web based, and will streamline the entire process, as well as allow potential jurors the ability to respond to the call for service from their computer, eliminating a trip to the courthouse or postage. The web based program will also greatly reduce the need to process completed paper forms on the back end.

ANALYSIS: This agreement will update our jury services using the same vendor and will save paper and printing costs, postage, as well as the staff time in both departments associated with processing approximately 400 paper questionnaires every 2 weeks. IT's strong preference is for cloud based hosting solution. The transition to juror pay cards will integrate with the jury system and save the Auditor's Office the time and cost of processing juror payments, and associated escheatment of uncashed one-time payments.

FISCAL IMPACT: The proposed one-time cost is \$52,836.00 for the upgrade to the web-based jury system, juror interface set up, and migration to the cloud. The ongoing annual cost for the cloud hosted system maintenance, juror interface maintenance and juror payment debit card module is \$27,866.00. The Board has previously approved the budget appropriation.

RECOMMENDATION: Please review and approve these Agreements for Service.
