Rebuttal Application

Note: 2023 Fees have been adjusted per Ordinance 12-1209-96, Section 4 - Annual Fee Indexing: Fixed amount fees established by this ordinance shall be adjusted annually on the first business day of January (Adjusted Date) by the amount of the increase in the Consumer Price Index (CPIW). The CPIW is the Consumer Price Index - US City Average for All Urban Wage Earners and Clerical Workers, published by the Bureau of Labor Statistics for the United States Department of Labor.

The annual fee adjustment shall be calculated as follows: each fee in effect immediately prior to the Adjustment Date will be increased by the percentage increase in the CPIW as reported for the month of September preceding the Adjustment Date. Increases will be rounded to the nearest dollar. A fee shall not be reduced by reason of such calculation. However, fee increases in accordance with this calculation shall not exceed 5 percent per year.

IN THE MATTER OF A POLICY	}	
FOR CONSIDERATION OF	}	
FEE WAIVER REQUESTS	}	RESOLUTION NO. 74-95
ASSOCIATED WITH	}	
COUNTY ORDINANCES	}	

WHEREAS, Federal, State and local laws require public agencies to treat all parties equally, so there is no potential for discrimination; and,

WHEREAS, Jefferson County Ordinances establish fees to, in part, compensate the general public for costs associated with the review of projects or activities, provision of services; and,

WHEREAS, requests are submitted to the Board of County Commissioners for waiver of fees by individuals and organizations, and;

WHEREAS, the following findings are made with regard to the matter of requests for the waiver of fees:

- 1) The waiver of fees for one party and not another can be viewed as discriminatory, unless there is a stated policy when and under what circumstances said waiver would occur.
- 2) The Washington State Constitution prohibits the gift of public funds and the waiving of fees can amount to a gift as the costs associated with providing services are shifted entirely to the public for the benefit of the applicant.
- 3) Fees set by County Ordinance do not differentiate between worthy causes or worthy organizations and are to be applied equally to private individuals and public agencies.
- 4) The waiving of fees creates a budget impact for the department not receiving the fees.

NOW, THEREFORE, BE IT RESOLVED, that there may be circumstances where the requested waiver of fees may be in the public interest and of public benefit for a project or activity and the public should participate by the waiving of the fee(s).

BE IT FURTHER RESOLVED, to assure that all parties requesting a waiver of fees are treated equally and to determine if the requested waiver of fees is in the public interest and of public benefit, the following policy (Attachment A to this Resolution) is hereby adopted.

APPROVED THIS AN day of August, 1995.

JEFFERSON CO

JEFFERSON COUNTY

### ATTACHMENT "A" RESOLUTION NO. 74-95

# POLICY FOR CONSIDERATION OF FEE WAIVER REQUESTS

### POLICY STATEMENT

The waiving of fees for individuals or organizations may be seen as: 1) being a gift of public funds, 2) being a discriminatory act, and 3) having an impact on individual County department/funds budgets. Jefferson County has determined that there may be circumstances, however, where the public interest and public benefit in a project or activity is such that the public should participate by the waiving of fees associated with such a project or activity.

### REQUEST AND DEPARTMENT RECOMMENDATION:

All requests for waiver of fees shall be made in writing to the department administering the fee to be waived.

The Department will forward the request to the Board of County Commissioners with their recommendation for approval or denial.

### APPROVAL CRITERIA:

The Jefferson County Board of Commissioners shall review all requests to waive the fees associated with any individual project or activity. Requests may only be approved when the following criteria can be met:

- 1) There is substantial public interest and benefit in the project or activity to the degree said project or activity could be a County project or activity, but is not because an alternative method for the project/activity was found.
- 2) Any and all similar requests will receive the same approval regardless of the person or organization requesting the waiver.
- A corresponding amount from a Fund, to be designated by the Board of Commissioners at the time of the approval, will be transferred to the Department where the fee is waived.
