

**JEFFERSON COUNTY
BOARD OF COUNTY COMMISSIONERS**

REGULAR AGENDA REQUEST

TO: Board of County Commissioners

FROM: Kate Dean, Commissioner

DATE: June 3, 2024

SUBJECT: Discussion: Jefferson Climate Action Goals

STATEMENT OF ISSUE:

Today, Jefferson County adopted new greenhouse and carbon sequestration goals promulgated by the Climate Action Committee.

ANALYSIS:

Now that those new, more ambitious goals have been adopted the County needs to discuss and update its internal climate action goals.

FISCAL IMPACT:

Unknown but forest thinning projects should be budget neutral or modestly profitable.

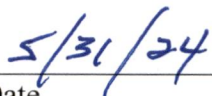

RECOMMENDATION:

Discuss the County's climate action goals and provide direction to staff.

REVIEWED BY:

Mark McCauley, County Administrator
