BOARD OF COUNTY COMMISSIONERS**

**AGENDA REQUEST**

**TO:** Mark McCauley, County Administrator  
**FROM:** Judy Shepherd, Finance Manager  
**DATE:** December 11, 2023  
**RE:** Adoption of the Jefferson County Indirect Cost Allocation Plan for 2024

---

**STATEMENT OF ISSUE:**

The Jefferson County Cost Allocation Plan for Indirect Cost for the fiscal year ending December 31, 2024 has been completed and is being presented for approval. Jefferson County is required to adopt an Indirect Cost Allocation Plan per federal regulations, Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administration Requirements, Cost Principles and Audit Requirement for Federal Awards (Uniform Guidance).

**FISCAL IMPACT:**

The proposed Jefferson County Cost Allocation Plan will allow Public Works funds to pay the General Fund \$229,082 for their portion of indirect cost allocation. In addition, the indirect cost rate will reduce expenditures where applicable, and not limited to, grant reimbursements and contract billings.

**RECOMMENDATION:**

Approve proposed Jefferson County Indirect Cost Allocation Plan and sign attached resolution.

**REVIEWED BY:**

### **JEFFERSON COUNTY**

#### **SIMPLIFIED INDIRECT COST ALLOCATION PLAN**

**FOR YEAR ENDING DECEMBER 31, 2024**

I hereby certify that the information contained in the attached Jefferson County Simplified Indirect Cost Allocation Plan and Indirect Cost Proposal, to be used during the fiscal year ending December 31, 2024, complies with the Office of Management and Budget and 2 CFR 200, Subpart E, "Cost Principles" and uses the implementing instructions contained in the Guide ASMB C-10 published by the U.S. Department of Health and Human Services. It was prepared using actual costs for fiscal year 2022.

I further certify: (1) that no costs other than those incurred by the grantee/contractor or allocated to the grantee/contractor via an approved central service cost allocation plan were included in its indirect cost pool as finally accepted, and that such incurred costs are legal obligations of the grantee/contractor and allowable under the governing cost principles, (2) that the same costs that have been treated as indirect costs have not been claimed as direct costs, (3) that similar types of costs have been accorded consistent accounting treatment, and (4) that the information provided by the grantee/contractor which was used as a basis for acceptance of the rate(s) agreed to herein is not subsequently found to be materially inaccurate.

## **Jefferson County Simplified Indirect Cost Allocation Plan For Year Ending December 31, 2024**

Jefferson County is required to adopt an Indirect Cost Allocation Plan per federal regulations, Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administration Requirements, Cost Principles and Audit Requirement for Federal Awards (Uniform Guidance).

The Jefferson County Auditor's Simplified Indirect Cost Allocation Plan allocates costs for accounting, payroll, county administration, treasurer, and building depreciation. The simplified format provides an allocation plan that is easy to comprehend, transparent and allocates costs in a fair and equitable manner.

The costs shown for each county fund/department are the total of 2022 actual expenditures including salaries and benefits. The calculation for the indirect cost rate is the total indirect cost divided by total direct salaries. This is a general accounting principle when calculating indirect because direct salaries are consistent throughout the funds/departments.

There are two sections of the Simplified Indirect Cost Allocation Plan:

- 1) Countywide Indirect Services – these are activities in the county that serve the county government.
- 2) Indirect Costs Associated with Direct Services – these are direct services in the county that serve the citizens of the county and identifiable indirect costs serving the county government.

### **Column Definitions:**

Total Costs – total costs in the general ledger financial statements.

Excluded Costs – specific costs that are already recovered by billing or other means. This is for Indirect Costs or Direct Salaries/Other Costs.

Unallowable – specific costs that are defined by the Uniform Guidance for which federal funds cannot be used.

Additional Costs – specific costs that are not identified in general ledger accounting because the County uses the cash basis of accounting.

Indirect Cost – costs that have been identified as serving county government.

Direct Salaries – salaries and wages identified as serving the citizens of the county.

Benefits/Other Direct Costs – costs associated with personnel benefits and operating costs serving the citizens of the county.

### **Audited Financial Statements**

Jefferson County is audited annually by the State Auditor's Office. The 2022 Annual report audit has been completed. There were no findings in financial, single audit and accountability.

The full financial report and federal single audit report is available on the State Auditor's website, [www.sao.gov](http://www.sao.gov).

### Indirect Cost Rate Calculation

Identifiable Indirect Cost = \$2,964,877

Direct Salaries & Wages = \$17,821,713

Countywide Indirect Cost Rate 16.64%

Recommendation 16.14%

The 2024 Cost Allocation Plan based on 2022 Actual Costs has been prepared using the simplified method for cost allocations.

It is recommended that a .5% reduction in the indirect rate be used as the adopted Countywide Indirect Rate. This allows for the possibility of a Grantor not approving the use of a calculation as part of the indirect rate and alleviates possible minor refunds back to a Grantor for revenue received.

This cost allocation considers recovered amounts received as Exclusions, reducing the amount of the indirect costs available for allocation.

## Exclusions and Unallowable Costs

Exclusions are areas identified as countywide indirect services and are considered excluded costs due to primarily the recovery of costs. Unallowable costs are identified as costs associated with the serving the community, i.e. contracts. The table below identifies the exclusion and unallowable costs with descriptions and basis used to calculate.

## EXHIBIT I

### **A. Auditor – Accounting**

The Accounting division within the Auditor's Office is responsible for the Budgeting, Auditing and Accounting for the County and some Junior Taxing Districts (a.k.a. agency funds).

The basis for identifying the indirect costs are the number of checks produced and payroll. Of the total number of checks, the checks were for the departments County Roads, Solid Waste, and Equipment Rental are counted and related expenditures calculated. These departments' costs are identified as recoverable and excluded from the cost allocation.

The Accounting staff audits vouchers and processes accounts payable for Jr. Taxing Districts (agency funds). The allocation of time for these districts is based on 15 hours per month. The associated cost for the districts is considered direct costs and not allowable for cost allocation.

### **B. Auditor – Payroll**

The Payroll division within the Auditor's office is responsible for payroll, payroll taxes, retirement, medical insurance and other benefits. The basis of employee hours paid to Roads, Solid Waste, and Equipment Rental departments are calculated recoverable costs.

## EXHIBIT IV

### Treasurer

The Treasurer's Office is responsible for accounting for cash and revenues for the County. This includes reconciling all bank activity, investing cash, and managing debt activity. In addition, Treasurer's Office provides a service to the citizens of the county by collecting property taxes and excise tax on real estate. They also act as the Treasurer for Jr Taxing Districts (Agency Funds) in a custodial manner.

The basis is the total number of receipts. Receipts by the departments Public Works, Solid Waste, and Equipment Rental receipts are recoverable and excluded.

## EXHIBIT V

### **Facilities Management and Information Services**

Facilities Management and Information Services salaries and benefits below are excluded from the indirect cost allocation due to costs recovered through a separate cost recovery attached. The cost recovery billed to funds within the County in 2024 is based on actual expenditures that includes administrative costs, equipment replacement costs during 2022. A “true-up” is done at the end of each year to actual costs expended in the year reported.

The Facilities and Information Services Cost Recovery is included as a reference.

## EXHIBIT VI

### Depreciation

Depreciation is calculated as an "additional cost". This is depreciation for the Courthouse, Castle Hill and Sheriff. Depreciation is calculated as follows:

#### **A. Courthouse**

The County Courthouse expense represents depreciation of the County Courthouse. The County Courthouse acquisition cost is estimated to be \$275,610. The depreciation allowance is computed on a 50-year estimated life or \$5,512 per year. Capital Improvements since 1988 total \$7,891,523. The use allowance is computed on a 25-year estimated life and, as of 2022, totals \$321,173 per year.

Calculation:

|                  |                                          |
|------------------|------------------------------------------|
| \$7,848,783      | Prior Year Capital Improvement Total     |
| <u>\$ 42,740</u> | Plus 2022 Capital Improvements           |
| \$7,891,523      | 2022 Capital Improvement Total           |
| <u>25</u>        | Divide by 25 year estimated life         |
| \$ 315,661       |                                          |
| <u>\$ 5,512</u>  | Plus Use Allowance based on 50-year life |
| \$ 321,173       | Total Courthouse Depreciation            |

#### **B. Castle Hill**

The Castle Hill expense represents depreciation of the Castle Hill building. The Castle Hill building acquisition cost is \$3,100,000. The depreciation allowance is computed on a 50-year estimated life or \$62,000 per year. Capital improvements since 2005 total \$2,861,105. The use allowance is computed on a 25-year estimated life and, as of 2022, totals \$176,444 per year.

Calculation:

|                  |                                          |
|------------------|------------------------------------------|
| \$2,826,817      | Prior Year Capital Improvement Total     |
| <u>\$ 34,288</u> | Plus 2022 Capital Improvements           |
| \$2,861,105      | 2022 Capital Improvement Total           |
| <u>25</u>        | Divide by 25 year estimated life         |
| \$ 114,444       |                                          |
| <u>\$ 62,000</u> | Plus Use Allowance based on 50-year life |
| \$ 176,444       | Total Castle Hill Depreciation           |

### C. Sheriff – Correctional Center

The Correctional Center expense represents depreciation of the Correctional Center building. The Correctional Center building acquisition cost is \$3,288,763. The depreciation allowance is computed on a 40-year estimated life or \$82,219 per year. Capital Improvements since 1988 total \$3,547,541. The depreciation allowance is computed on a 25-year estimated life and, as of 2022, totals \$224,121 per year.

Calculation:

|                   |                                          |
