COUNTY ADMINISTRATOR

RECEIVED

JUN 22 2023

JEFFERSON COUNTY  
COMMISSIONERS

Reason for budget appropriation:

This request to add an additional Human Resources Analyst comes at a critical time for Jefferson County. Issues that currently affect human resources and our workplace include:

- Staffing impacts created by the post-pandemic exodus of employees and people desiring more from their workplaces
- Increases in human resources related federal and state laws requiring more administration and oversight
- Inadequate human resources staffing to support the County's approximately 350 employees

An additional staff person will allow the County to

- Recruit additional staff
- Increase employee engagement
- Support supervisors, managers and directors in their roles as leaders
- Increase training opportunities to develop and upskill current staff
- Invest in organizational development

JEFFERSON COUNTY  
COMMISSIONERS

**Budget Projections for Superior Court Through January 2024**

**Current status/deficits/needs through 05/2023**

**Office Supplies.....request \$5,500.00**

Office Supplies-will need an additional \$4000.00+ to cover the deficit and allow for Zoom payments of 2275.00 through the end of year.

**Guardian ad Litem.....request \$3,200.00**

Guardian ad Litem/Court visitors fees have increased due to new Guardianship requirements regarding attorney and Court Visitor appointments, and increased filings in Minor Guardianships. Historically, the Department of Children, Youth and Families filed dependency cases where the State's budget covers the cost of attorneys for parents and where youth and Juvenile Service's coordinate volunteer Guardians ad Litem. So far this year, DCYF has only filed one dependency petition. The court anticipates needing to spend more than it has in recent years based on this change in DCYF policy and changes in the law.

**Expert Services.....( \$28355, 00)**

Expert Services have increased dramatically and the original budget amount of \$42,376.00 lasted only five months. Defense Attorneys routinely use experts in their defense strategy, there is no indication of this practice waning. The court risks violating a defendant's constitutional rights by not allowing the expenditure of these funds, which will end up costing the county more in the end with appellate costs and re-trials.

**Travel.....request \$3120.00)**

We need to ensure we have adequate funds to facilitate visiting judge trades and travel to upcoming conferences.

**Repair and Maintenance.....03 (only intent was to deduct a portion of JAVS Maintenance Agreement (\$6588.00)- no further request**

**Commissioner .... request \$30,775.00)**

Judge Mack requires a significantly increased commissioner budget line based on his belief the commissioners are drastically in need of a pay increase, they have not historically been paid to participate in trainings or conferences, and they should be utilized more for the benefit of Jefferson County. Regarding their pay, Judge Mack is increasing their rate from \$75 per hour to \$100 per hour. This is still less \$25 less than Clallam County pays its pro tem judges, and only \$25 more than it contracts with attorneys to take on public cases (such as minor guardianship cases).

Regarding the use of commissioners, in 2019 the Administrative Office of the Courts evaluated the judicial needs for Jefferson County to be 1.66 FTE's<sup>1</sup> (they evaluate judges and commissioners equally in determining FTE's). Since this analysis we have had a very active Supreme Court that is requiring loads of work for trial courts to engage in resentencing work based on reevaluation of historical crimes (i.e. *State v. Blake*). We have also had a very active legislature that has completely overhauled the minor guardianship, civil protection order statutes, and landlord/tenant laws, which all require more work for trial courts without increased funding.

The court is also working through the backlog of cases that need to go to trial but were delayed with Covid. When the judge is in trial, more commissioner hours are needed.

Court Commissioner line item expense will likely average at least \$2000.00 per month through January 2024. We will need to request enough to take us to years end. Additionally, I received the final calculations from one of our retiring Court Commissioners, for over \$5000.00 which will utilize the remaining balance of \$4537.00 and leave a deficit of 773.00

With increase in mediation and pretrial conferences, the Court Commissioners will be working increased hours going forward, with the goal of resolving Family Law, Guardianship, and Dependency cases short of trial.

**Appointed attorney fees.....request -\$6000.00**

With appointments for Protection Order respondents, parties in Guardianship cases and the usual Criminal conflict appointments, costs have increased- we have at least 7 cases that will be requesting compensation in the near future.

**Interpreter fees request.... 26,000.00**

projection for upcoming jury trial.....1,920.00 per day (3 interpreters) for upwards of 14 days. 26,880.00 less remainder \$1,171.68

## Reason for budget appropriation:

1. Res 44-21 As funding allowed, the BoCC provided guidance to transfer a portion of PILT to the Roads fund to make up for as much as possible of any amount below \$540,222 in 2023. This year, the Roads fund received \$416,357.85 from SRS. This results in a required reduction to the operating transfer from the original budgeted transfer.
2. This should have been included in the original budget as a transfer to PH for taxes collected for substance abuse.

## Reason for budget appropriation:

The Noxious Weed Control Board is looking to appropriate funds from its reserve fund to buy a new truck with a canopy for the program.

Memo:

**Noxious Weed Request for the Appropriation of Funds to Purchase a New Vehicle**

In 2018, the Jefferson County Noxious Weed Control Board (JCNWCB) purchased a Ford Taurus from the County surplus. Today, it has some impending repairs that could come close to the cost of the car five years ago. After exploring the different options for vehicles with Lou Johnson, the Fleet Manager, the Noxious Weed Program would like to appropriate \$31,000 from the 109 fund reserves to cover the cost of a new truck (likely a Ford Maverick) and aluminum canopy. This investment would utilize about 14% of our reserve funds.

A truck would better serve the mission of the Weed Board: employees could safely carry herbicide and all the necessary equipment outside of the passenger cab; a portable eyewash station could be mounted in the truck for field work; it can accommodate more bags of pulled weeds thus reducing the number of trips to the solid waste facility; and allow employees to safely navigate the PUD corridor, gravel roads and driveways throughout the county.

**Reason for budget appropriation:**

An additional amendment to the CDBG-CV1 DOC Grant beginning in 2020 for COVID response has experienced several amendments. There has been two amendments in 2023: 1) increase grant amount \$100,000 for a total grant award of \$321,548; 2) due to unused funds, the expiration date of the grant was extended to 12/31/2023. The OlyCAP Subrecipient Agreement will be amended in July, 2023 to reflect the new ending date.
